### Don't Waste My Time...

Let's get something straight. I'm a jerk. I'm obnoxious. And I'm lazy.

And I don't care, because I'm **FILTHY RICH.**

I'm much too important to even be sitting here writing this right now. So I'll keep it short.

**I make several million dollars every year on the internet, doing almost nothing.** You can see some proof [here](#) but please keep the drooling to a minimum.

Have you seen proof like that anywhere else? Didn't think so.

Do you make that much money? Didn't think so.

### So Who the Hell Am I?

I'm the guy you see driving down the street in a Ferrari with the top down, and you think to yourself, "What an **ass!**" And you know what? You're right. But so what? Do you really think I value your opinion? I'm a rich jerk, so I couldn't care less.

I cut through the BS. If you find me too offensive, obnoxious, or whatever...feel free to leave my website at anytime.

**I'm not here to make friends. I'm here to show you EXACTLY how I make millions.**

### Are You One of the Losers?

We both know you want to be rich like me, otherwise you wouldn't be here. And since you found my website, I'm sure you already know that there are thousands of "get rich quick" programs out there. You've probably even bought some of them yourself. Well, are you impressed with them? I'm not. Not even close. These losers make a few grand a month selling some lame book to a sap like you. Big deal. I make millions. And my income is so automatic, it would make you sick.

These people are not trying to help you. They have no "secrets". It's the same information over and over again, repackaged differently by new "authors" every year. These guys send you books and binders with over 1,000 pages. They send you DVD's and audio tapes with another 10 hours of material to review. Some that

material to review. Screw that.

I don't know about you but I'm lazy.

That's why I give you simple instructions without all of the BS. I tell you "here is **EXACTLY** how to make money - step 1, step 2, etc.", and that's it.

The mere thought of reading thousands of pages of marketing mumbo jumbo turns my stomach.

It's simple:

1. To make money online you need a website. I'll GIVE you a free one. I don't need to give you a 300 page ebook to explain that.
2. Next, you need to get people to visit your website. I'll show you exactly how to do this in less than 2 minutes. I don't need to give you a 4 hour DVD to explain this stuff.
3. Next you need to get the people who visit your site to do stuff that earns you cash. I'll explain this to you in about 47 seconds.

Are you getting the point? I WILL NOT WASTE YOUR TIME.

#### **I WILL MAKE YOU MONEY.**

And unlike these idiots selling their latest money making "programs", I'm not even going to tell you my name, because I don't crave attention like they do. Those guys dream of doing seminars, appearances, interviews, etc. I don't do any of that crap. They want to be famous to make mommy & daddy proud, or so that the people who beat them up in high school will be jealous. Who cares? I don't want to be famous. I'm a Rich Jerk, making money in my sleep, and I like it that way.

#### Recent Rich Jerk Comment:

"I was skeptical at first, and then once I put the Rich Jerk techniques to use and actually saw them work, I was able to make some phenomenal money very quickly \$5,600.00 in less than 20 hours..."

Jalayne Doyle | [Watch Video](#)

#### Let's Cut to the Chase...

I've come up with a few amazingly braindead easy ways to make MONEY online. And they have worked for me for over 7 years.

You don't need to know anything technical, you don't need to know how to make a website, and you don't need any money to get started. All you need is a 6th grade education and a willingness to follow simple instructions.

**I will show you EXACTLY how I make millions. And when I say "exactly", I mean it.**

When I show you how easy it is to make money, you're gonna be pissed that you didn't find me earlier. But lucky for you, you found me before it was too late.

If you can type, use your mouse, and follow simple instructions, you can make money.

I'm even going to go one step further, and do the unthinkable. **I'm going to show you some of my current & former websites that have made me millions.** And no, I'm not talking about the site you're on right now. One of my recent simple websites made over \$1 Million Dollars in just a few months, and I didn't even sell anything.

One of my other websites has been ranked # 1 in Google for over 3 years for several of the most competitive keywords and phrases on the planet. # 1 out of over 100 million results. I obviously know what I'm doing.

Many times I make a site hugely profitable, then sell it to the highest bidder so I can cash out and move on to the next project. I recently sold a website that made me \$1.4M in one year. Over \$900k in profit, and it didn't sell anything. I will show you all of the websites that have made me millions of dollars. And I'll show you the EXACT strategies I used to get them all so profitable. **And the best part is that ALL of my websites are 99% automated.**
